

SEMLEP's
Growth Hub
Connected Business Support

Get **connected**
to free, impartial
business support

HM Government

Are you looking to access support for your business?

With the wide range of business support available, finding the one that's right for your business needs can take time. That's where SEMLEP's Growth Hub can help.

We are here to help local businesses realise their ambitions through impartial and tailored information, advice and guidance. We have expert knowledge of the national and local business support available. Using this, we support all small to medium businesses based within the South East Midlands with different aspects of running a business, from finance to innovation to marketing and so much more.

Talk to us today so your business can get connected.

Time to talk through your business needs

To identify and connect businesses to the right support we need to understand your business.

SEMLEP's Growth Hub advisers will talk to you about your business plans, opportunities and challenges, so you can feel empowered and confident in your business choices.

When we know what you need, we can connect you to:

- Specialist business support
- Experienced business advisers
- Free business skills workshops
- Finance opportunities (if applicable)
- And so much more.

Free Workshops

We work with local business support experts to bring you a schedule of free workshops to equip you with new skills, knowledge and tools to take back and use in your business. Check our website for current workshops and to sign up today.
